Features / Comments

Tough, capable and seriously sharp in Cardrona this 2024 Mitsubishi Triton GLXR 4x4 Auto is a ute that stands out from the crowd. Travelled 62,000kms and enhanced with quality upgrades, this Triton delivers the perfect mix of rugged capability and street presence.

Finished in stunning Cardrona and sitting on a set of eye-catching 20 inch Lenso RT7 Concave alloys wrapped in brand new Arivo Terramax All Terrain tyres, this GLXR has an aggressive stance that completely transforms the look. Completing the package is a central locking MAC hardlid, adding security, practicality and a sleek finish to the tray.

Powered by Mitsubishi's new-generation bi-turbo 2.4L turbo diesel engine paired with a smooth automatic transmission, this Triton is built to handle everything from weekday commuting to weekend adventures. Equipped with Mitsubishi's advanced Super Select II 4WD system, you can confidently switch between drive modes and tackle changing terrain with ease. Add in the factory rear differential lock, hill descent control and multiple terrain modes and this ute is ready when the road ends.

GLXR features include:

Masterton
