2022 Mitsubishi Outlander PHEV G Spec Japanese Import

\$46,990 | 42,700kms

Looking for a modern, economical SUV with the added versatility of Mitsubishi's proven plug-in hybrid technology? This 2022 Mitsubishi Outlander PHEV G Spec is a Japanese import with a specification that is broadly equivalent to the NZ-new XLS, while also offering several desirable features normally associated with the higher VRX grade.

Powered by Mitsubishi's plug-in hybrid system, the Outlander PHEV combines electric driving with petrol power to deliver impressive efficiency without sacrificing the ability to travel further when required. The 5-seat configuration provides a practical and spacious interior, while the higher G Spec equipment adds plenty of comfort and convenience.

Key Features:

Masterton
