2020 Mitsubishi Triton GLX Club Cab Chassis Built for Work!

If you're after a tough, dependable ute that is ready to go to work, this 2020 Mitsubishi Triton GLX Club Cab Chassis is well worth a look. With 129,000kms, a practical flat deck, and plenty of factory and aftermarket equipment, this is a serious workhorse without the serious price tag.

Under the bonnet is Mitsubishi's proven 2.4L MIVEC Turbo Diesel engine, delivering strong torque and excellent pulling power while remaining economical enough for everyday use. Paired with Mitsubishi's capable 4WD system, the Triton is equally at home on the worksite, farm, gravel roads or tackling tougher terrain.

The GLX Club Cab gives you the best of both worlds a practical work-focused cabin with additional storage space behind the front seats, while the flat deck provides plenty of usable load space for tools, materials and equipment.
